Since our last newsletter, so much has happened:

- We spent Christmas /New Year with Krisztina's family in Slovakia.
- We went for our Operation Mobilisation orientation in Germany.
- We completed our winter training facility and started trainings with the kids.
- We got an American import to help with training (but has now gone home)
- Alastair has been busy working on the baseball field.
- We finished up with 3 Strikes for the year
- Helped with a clothing sale for OM.

We are living in interesting times. With the corona virus making its rounds we have had to start doing things a little bit different. We are in what NZ would term "level 3", where we are in partial lock down but can still go to work. All our games, practices and meetings have been cancelled for now as meeting in groups is not allowed. We are having to adapt how we work with our ministry. Everything has moved online to keep in contact with the kids, families and team members. Not sure when or if we will go into total lockdown. Schools were closed 2 weeks ago and Krisztina has been teaching the kids at home. The school issues work each day online.

We managed to get a practice game in just before lockdown procedures cancelled everything.

Luckily we are still able to get out in the area to exercise by the Danube.

We have been thinking a lot about everyone in NZ in lockdown and pray that this virus moves on fast. We feel for everyone who is not working and for all those that are affected in their business. Please know that our prayers are with you.

John 12:35b-36

"Walk in the light while you can, so the darkness will not overtake you. Those who walk in the darkness cannot see where they are going. Put your trust in the light while there is still time; then you will be children of the light"
